

World Renowned Scholar Dr. Stephen T. Chang Reveals Ancient Secrets

Born and raised in China, Chang has been studying Taoist medicine since he was six years old in a family who has practiced medicine for well over 400 years. Chang's great-grandfather was a physician and professor to the Emperor of China (Tung Tse) and Empress Tse Shi (Ci Xi) (慈禧) as well as the first Chinese ambassador to the United States during the Benjamin Harrison administration (1889-93). His grandmother was a master-physician.
